Visual Landing Aid

The L.C. Doane Company
511 Series, Centerline, (SATS)

The 511 Series is a 100 watt guide light, bi-directional for landing mats (SATS). This light is watertight and is used as runway centerline light on portable landing mats (SATS). The light has the same configuration as the landing mat, which allows it to be interlocked. The fixture consists of guard assembly with bi-directional light output, housing assembly, frame assembly, lampholder assembly and one 100 watt Quartz lamp (Q100 T3/6 CL), 6.6 amperes, ninety-one feet of SJO 16/2 cable with plug (FAA AC 150/5345-26, Figure 1A). Transformer assembly (not furnished) to be used with this light is NAEC #611826-1
